

Lumen & Avaya

Enhance business capabilities and maximize budgets

As a leading global network provider, we deliver innovative end-to-end solutions for your voice and data networking needs, while collaborating with prominent technology providers in both hardware and services to supply the tools, service and support you need to elevate your business communications.

For secure, state-of-the-art networking capabilities we work with Avaya Networks as an Avaya Connect Platinum Partner to provide resilient, cost-effective networking and unified communications solutions.

Complete solutions

Our streamlined design, installation and maintenance services can help solve your business networking and communications needs, while delivering an exceptional standard of service.

Nationwide network

We have one of the largest fiber footprints in the U.S., capable of supporting 2.5Gbps (OC-48), 10Gbps (OC-192) and 40Gbps (OC-768) transmission rates.

Agile financing

We offer several convenient financing options designed to work for you and your business.

Features and Specs

Avaya

Avaya is changing the way you work by integrating communications tasks currently performed with separate tools. Built on the powerful voice capabilities of the Avaya Aura Architecture, Avaya provides instant messaging, video conferencing, advanced mobility, presence, contact center, collaboration and video capabilities. Avaya's systems are built for IP and are designed for you, the end user, by bringing multi-media communications, enterprise applications and personal information together into one seamless integrated environment—all with little burden on your IT resources.

- Easy on IT resources with customized IP architecture

Why Lumen?

We partner with best-in-class equipment providers to deliver customized business voice and data solutions, backed by highly skilled engineers who are trained to operate our state-of-the-art equipment. And by partnering with Avaya, we're able to offer unique IP solutions built from the ground up to help drive innovation and enhance the way your business communicates.
